HAPPY WHOLE HUMAN® (HWH) programs prepare students for empowering and lucrative coaching careers in which they create interactive confidential healing spaces of unconditional acceptance and provide the support, information, and structure clients need to facilitate transformational change. Students are taught practical tools and techniques to help their clients conquer their fears, get out of their own way, and learn to live as Happy Whole Humans-radiant, happy, and fulfilled. Our mission is to empower individuals as they relax, reflect, and snap out of unconscious patterns via mindfulness and holistic wellness to overcome obstacles and improve their lives and relationships across the board.

HAPPY WHOLE HUMAN® provides a research-based framework for evaluating and understanding intrapersonal and relationship dynamics and tools to help individuals improve their relationship with themselves and others in order to achieve radiant health, happiness, and fulfillment. Our innovative programs provide coach trainees with cutting-edge tools, structure, and support to guide their clients to assess and overcome the personal and interpersonal challenges that contribute to chronic stress, interpersonal drama, disassociation, dissatisfaction, apathy, and burn out. In this way, this holistic program improves on traditional ways of thinking about wellness, adding specific key components of mental, emotional, and relationship health. Our program is unique in that it bridges the divide between researchers and clinicians.
